Bred by Hardy Brothers of Thedford, Nebraska

At Hereford Crossroads, there is an opportunity to remember some of the great breeding bulls that significantly impacted the Nebraska cattle industry. Hardy Brothers at Thedford raised Golden Real 72, who was then sold to Upstream Ranch at Taylor. He sired seven sons in Meeks' 1968 champion carload at the National Western. He also sired the first Nebraska-bred Denver Champion bull, Upstream Dundy 187.
