NHA
NEBRASKA HEREFORD ASSOCIATION

Welcome

On behalf of the Nebraska Hereford Association, it is with great excitement to welcome you back to Kearney for the 38th Annual Cornhusker Classic Sale. Hereford breeders from across the cornhusker state have come together to offer a set deep with quality from top to bottom of heifer and steer prospects.

The work has been done folks. Many individuals in the offering come with an established show career or are ready to kick it off this weekend here in Kearney. Buy on Friday and show in the same location over the weekend at the NCC Fall Edition. Then, bring your purchase back to Kearney in June to the 2024 Futurity Show for a shot at great payouts! Plus, the 2024 Junior National Hereford Expo will be held this July in Grand Island! More fun, more opportunity, and it all starts here.

We welcome you to view this offering at the fairgrounds beginning Thursday, November 2 and invite you to join us on Friday evening at 5pm for a Hereford beef dinner and social gathering before the sale begins at 7pm. LiveAuctions.TV will provide a live broadcast if you are unable to attend in person. If you have questions, it is encouraged to contact any of the breeders or sale staff.

OFFERED BY FRENZEN POLLED HEREFORDS

Similarly bred and nearly identical build to Kiera's 2023 Nebraska State Fair FFA and 2023 Aksarben Champion. L38 is built for the long haul. She's green now (apparently we've just been sitting around), but she has the design, body, and structure to play in the end. With the focus turning towards more Bred & Owned heifers for the girls, they never had a shot at showing her themselves. She was our Cornhusker Classic pick from day 1.

The first set of Outlander calves have us really excited. We love the way this female is constructed! She's great in the way she handles her hind leg and does it with added power. Her mother is a beautiful uddered cow that consistently produces good ones, I don't foresee Pollyanna breaking the mold.

What a great opportunity to own a steer that we think is a near carbon copy to the very successful Mayo steer from last year. This short marked steer is the meat and potatoes kind who is practical in his makeup and design with the show ring look that will hang banners. If you look closely at his pedigree, you will find that he descends from the same cow family as the 2015 JNHE Champion Steer.

OFFERED BY KELLER CATTLE COMPANY

Where do I start with this calf? Darn near a carbon copy to his full brother pictured that was campaigned by the Robinson family in 2021 and was named Grand or Reserve Hereford steer on numerous occasions, found his way into a couple of top 5 selections, and concluded his career being named Champion Hereford Steer at the 2021 Nebraska State Fair 4-H show. This version is so similar in terms of proportion, build, and flexibility but comes in a better-aged package. This combination works.

This steer gets better by the day! He was a little greener when I weaned him and has been a little behind the others but he is turning it on. Really long necked and cool headed with enough power in his rear third. Also he's been a dream to break and will be great for a younger showman.

OFFERED BY FRENZEN POLLED HEREFORDS

Here is our sleeper steer. He is bred and built to play in the end. Built like a show steer with that long, extended neck, soft middle, and squishy hind leg. His maternal brother sold in the 2022 Cornhusker Classic to Weston Stemick and was selected Reserve Champion Polled Hereford Steer at the Nebraska AGR show last December before suffering a career ending injury. Keep him in a lighter class at Junior Nationals and peak at State Fair or Aksarben.
